SHALU KUMARI

Frontend developer

9334654946 | cshalu678@gmail.com | https://github.com/

SUMMARY

Frontend Developer skilled in React, JavaScript, and responsive design. Adept at creating user-friendly web applications and building dynamic, efficient interfaces. Passionate about delivering clean and maintainable code while continuously learning modern frontend technologies.

PROJECT

Recipe Website

- Built using HTML, CSS, and JavaScript. Created a recipe browsing site featuring categorized dishes and search functionality. Ensured mobile responsiveness and smooth animations for better UX.

My Portfolio

- Built a personal portfolio to showcase projects and skills. Integrated smooth scroll, responsive design, and GitHub/LinkedIn links.

Mood-Based Music Website

- Developed a music website where users can listen to songs based on their mood. Integrated a public music API to fetch and play music dynamically with an engaging UI.
